ABOUT US

From its inception as a small transport company in 1984, we began our company to meet the needs of our customers. With deregulation firmly in place, GN Transport Ltd. has expanded to serve our customers more effectively and to generate business opportunities within Canada, and cross border into the United States. Since then, GN Transport Ltd. has expanded at a very fast rate, while maintaining our level of service and competitiveness. We strive to serve our customers with exceptional service and competitive rates. Take advantage of the GN World Class Treatment. Our Number One Priority is Customer Satisfaction.

OUR FLEET

GN Transport Ltd. provides the most advanced equipment available to guarantee that your cargo arrives on time and safely.

Our privately owned fleet consists of over 250 pieces of equipment including Semi-Tractors, straight trucks, 53' Dry Van Trailers, 48' Dry Van Trailers, Flatbeds and temperature controlled vans. This gives us the ability to move a complete line of customer products. Our tractors are on average 2 years old and are meticulously maintained and serviced to guarantee that your cargo arrives safely and timely.

Our innovative trailers are equipped with full logistics and air-ride and have a carrying capacity of 45,000 lbs. We also provide Storage Trailers in Toronto. In 2004 we have introduced a straight truck division to meet the needs of some of our customers who require tail gate services, and deliveries in tight locations where tractor trailers are restricted such as in many locations within New York, NY. Also with the implementation of our straight truck division we have now been able to further expand and improve our LTL and Expedite services from Canada to USA.

GN Transport Ltd. is committed to provide our customers with the most up to date equipment available and have committed to investing heavily in the latest computerized and communication equipment. We invite you to Contact Us for information, customer references and rate inquiries.

COMPETITIVE RATES

GN Transport is a customer oriented carrier dedicated to the bottom line needs of all our customers. As a high volume carrier GN Transport customers have access to the benefits of lower, volume-based, freight rates.

- Competitive Rates

OUR SERVICES

Trucking Services

At GN Transport we move a complete line of products including but not limited to general freight, specialized freight, store fixtures, household goods, automotive parts, and food or produce products that need to be temperature controlled. Our 53-foot high volume trailers are equipped with logistic posts featuring air-ride ensuring that your freight arrives safely.

LTL Transportation Services

Need to move only 1 to 18 skids in a timely manner and without paying a full load rate? GN Transport provides service to those customers who require LTL (Less than Trailer Load) Transport Service at the lowest possible price. This division works very diligently to provide the best customer service. Constant communication with our drivers and state of the art tracking technology allows us to ensure that our customers' freight is picked-up and delivered on time. Introduced in 2004, GN Transport's straight truck division offers its customers LTL, Dedicated, and Expedite Service to the tight downtown areas at competitive rates.

Expedite Services

Is there an urgent need for your freight to be delivered ASAP?

No worries, GN Transport is always up for the challenge. We provide Expedite services from Toronto, whereby we will pick-up your shipment the same day and drive straight through for delivery without stopping. For example, if the normal driving time of your shipment is 2 days, we are able to turn it into a single day by teaming up two drivers who will not stop driving until your cargo arrives on time; while still meeting the standards of the Ministry of Transportation.

3PL Brokerage Services

GN Transport is connected to a network of thousands of contract carriers. This means that transportation carriers all across Canada contact us and bid for your business. Our job is not only to ensure that you receive the best pricing but also timely service. Please remember that we are looking to establish a lasting and trusting business relationship with our customers, therefore you could be sure that the carriers we use to deliver your freight are reliable carriers whom we've worked with in the past. Our direct access to a vast amount of equipment enables us to move anything anywhere and at anytime.

Please call us for a quote on your next shipment!

City and Shunting (Ontario)

GN Transport was started and built with City/local trucking within the GTA. In 1984 GN Transport began a whole range of work for many customers within Ontario which included local deliveries services in Toronto and all day yard shunting. Today, GN Transport has expanded to a vast variety of services but we still hold on and continue to grow our city/local delivery division with the same level of service and aspirations to grow.

OUR SERVICES

Flatbed Trucking Services

GN Transport provides expert flatbed trucking service throughout the United States and Canada for any type of industry. We can provide the specific equipment needed to meet the needs of any project, hauling such diverse flatbed freight as machinery & equipment, building materials, steel, pipes, windows, pre-cast concrete and other specialized commodities.

Our flatbed carrier service is ideal for freight that:

- Is too large for in an enclosed van
- Is wider than 96" or over 110" tall
- Must be side loaded or crane loaded
- Is needed for a rush installation
- Is going to a construction site

GN Transport completes each project safely and on-time utilizing a variety of modern equipment including flatbeds, stepdecks, double drops, curtain sides and rack & tarps. Our network of professional Certified partners have extensive experience in handling a diverse range of flatbed freight from LTL to large, heavy over-dimensional cargo. And we will arrange full permit service when required. If you are shipping specialized freight and you need qualified flatbed service, GN Transport has a flexible array of proven capabilities to meet your unique business needs. If you are looking for a flatbed trucking company, GN Transport's proven flatbed carrier service will get the job done safely and on time.

Storage Trailers Rentals Toronto

Give GN Transport a call and we'll be able to provide you with as many storage trailer rentals as you need to give yourself some room to breath in the area you work. Our trailer rental services are able to provide you with all sorts of trailers to meet your specifications. Our trailer rental services in Toronto are very flexible, we give all our customers the option to rent our trailers for a period as short or long as they require. In 2008 GN Transport opened a new division specifically for trailer rentals. For more info please visit www.torontotrailers.com.

Warehousing Services

GN Transport also offers full Warehousing / Storage Space in Toronto solution whether you are looking to store your product for a long term or short term basis.

Our warehousing services, provide cross docking and distribution in Toronto, and operate 24 hours a day.
